

## About CADENAS GmbH

Since 1992, CADENAS has stood for innovation, success and creativity. As an independent software provider, CADENAS develops customized solutions for the manufacturing industry.

In particular with the display of 3D CAD geometries, CADENAS has set the benchmark in mechanical engineering and plant construction.

Together with component suppliers, CADENAS creates CAD data that are then made available to component buyers in the form of electronic product catalogs.

The CAD data is accessible both via the online portal PART-community, as well as via the Strategic Parts Management System PARTsolutions.

## The New Digital Benchmark for Fasteners

The assembly and fasteners expert, Würth Industrie Service, now offers CAD data online for all customers. This CAD database has been made available in cooperation with CADENAS.

“With the supplier parts catalog on CADENAS’ download portal PARTcommunity, Würth is on the cutting edge and, in relation to customer service, one step ahead of the competition.”

Jürgen Heimbach, Dipl.-Ing. (FH), CEO, CADENAS GmbH

The Thomas Warburton CAD data is available in native and neutral formats. This means, that the files can be imported in any CAD system simply by clicking the mouse and of course without losing data. Thomas Warburton customers can profit in many forms.

## CAD Data per Mouse Click on PARTcommunity

PARTcommunity is CADENAS’ online portal for downloading illustrations of 3D components. At the moment, PARTcommunity offers CAD data from more than 400 manufactures. It is one of the most frequently visited component internet portals in the world.

Number of Users 2010 2.5 MILL.  
Number of downloaded parts 2010 50 MILL.

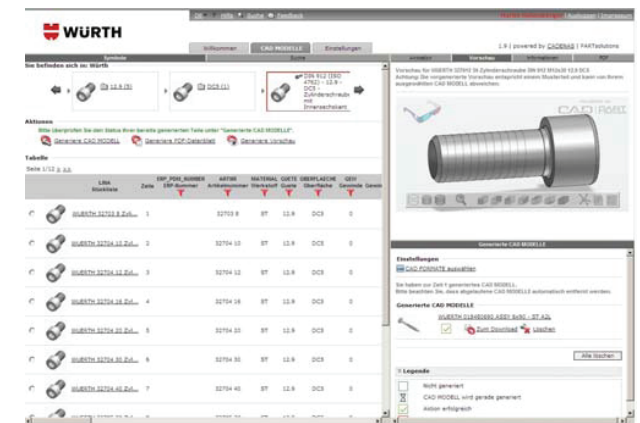

And Thomas Warburton customers can easily download and import CAD data from PARTcommunity into their constructions, thus setting new standards in customer services.

### Your Exclusive Advantages

- High quality CAD data, which can be used in any CAD system
- Thomas Warburton Products at a glance
- Continual part updates
- Best service in the areas of purchasing and processing your orders
- Time savings during construction & design
- Unlimited availability 24 hours per day / 365 days per year

... and it's for FREE!!
